

"Making AR an Integral Part of Audiological Practice"

SIXTH INTERNATIONAL ADULT AURAL REHABILITATION CONFERENCE

St. Pete Beach, Florida

May 23 – 25, 2011

The **Hearing Rehabilitation Foundation** (HRF) and **University of South Florida** (USF) will co-host the **Sixth International Adult Aural Rehabilitation Conference** in St. Pete Beach, Florida from May 23 - 25, 2011. The HRF is delighted to once again have the Department of Communication Sciences and Disorders at USF as a co-sponsor of this important conference, and look forward to another exciting and informative meeting.

Past meetings have offered participants a unique chance to become aware of work being conducted around the world. We've had participants from Australia, Austria, Canada, Denmark, England, Ireland, New Zealand, Northern Ireland, Scotland, and the United States at previous meetings, and look forward to welcoming a large international contingent in St. Pete Beach. The conference gives participants the chance to meet colleagues from around the world and discuss areas of mutual interest and possible collaborations. The theme of the meeting is, "Making AR an Integral Part of Audiological Practice," a topic of interest for many researchers and clinicians, and our faculty of invited speakers will all address this important concept. This theme will also be addressed in a special half-day presentation by representatives of the Academy of Rehabilitative Audiology.

Invited Speakers at the conference will include:

Mary-Beth Jennings, University of Western Ontario, London, Canada

Sophia Kramer, VU University Medical Center, Amsterdam, The Netherlands

To receive updates on additional invited speakers, please visit our website www.hearf.org, or go to the Hearing Rehabilitation Foundation's Facebook page.

We will also have a large number of contributed papers by researchers and practitioners from the US and internationally. In short, this is an exceptional program, and we hope to see you there!

Registration details can be found on the next page. Please note that the special rate for students is available upon application.

We look forward to seeing you in St. Pete Beach in 2011!

SIXTH INTERNATIONAL ADULT AURAL REHABILITATION CONFERENCE

St. Pete Beach, Florida
May 23 – 25, 2011

CALL FOR PAPERS

The **Hearing Rehabilitation Foundation** (HRF) and **University of South Florida** (USF) take great pleasure in announcing that they will co-host the **Sixth International Adult Aural Rehabilitation Conference** in St. Pete, Florida from May 23 - 25, 2011. It is our second meeting in Florida and the HRF is delighted to once again have the Department of Communication Sciences and Disorders at USF as a co-sponsor of this important conference. We are all looking forward to another exciting and informative meeting.

The past meetings have offered participants a unique chance to become aware of work being conducted around the world. We've had participants from Australia, Austria, Canada, Denmark, England, Ireland, New Zealand, Northern Ireland, Scotland, and the United States at previous meetings, and look forward to welcoming a large international contingent in Tampa. The meeting provides researchers and clinicians in the US with the opportunity to hear about what is happening here and in the rest of the world. The conference gives participants the chance to meet colleagues and discuss areas of mutual interest and possible collaboration. We will have a number of Invited Speakers, and also welcome submissions for presentations at the conference.

We are asking all of those interested in presenting at the conference to please prepare a proposal using the guidelines on the other side of this sheet, and send the requested details to the HRF (hearf@aol.com) by November 22, 2010. Please note that the usual length of presentations is either 20 or 30 minutes, but that we would consider providing more time if it is required. We want speakers to be able to present their materials fully and not be constrained by time. All those submitting an abstract will be informed of the outcome of the selection procedure by December 15, 2010. Please note that once again we will be accepting submissions for poster presentations.

We look forward to seeing you in St. Pete in 2011!
